

Presents the following IFSAC Certified Class as part of the Officer Development Academy

Fire Officer II **December 12th-13th, 2024**

- Fire Officer II is designed for current, acting, and aspiring company officers who have completed Fire Officer I.
- The course meets or exceeds the instructional requirements of NFPA 1021, Standard for Fire Officer Professional Qualifications at the Managing Fire Officer Level.
- In this course, students will discuss current trends and issues that affect the mid-level officer including budgeting, employee - development, discipline, evaluation and motivation, succession planning, communication, and the managing officer's role in training, prevention, investigation, and community outreach.
- The course is taught in an open discussion format that requires student engagement and learning through practical scenarios and activities.
